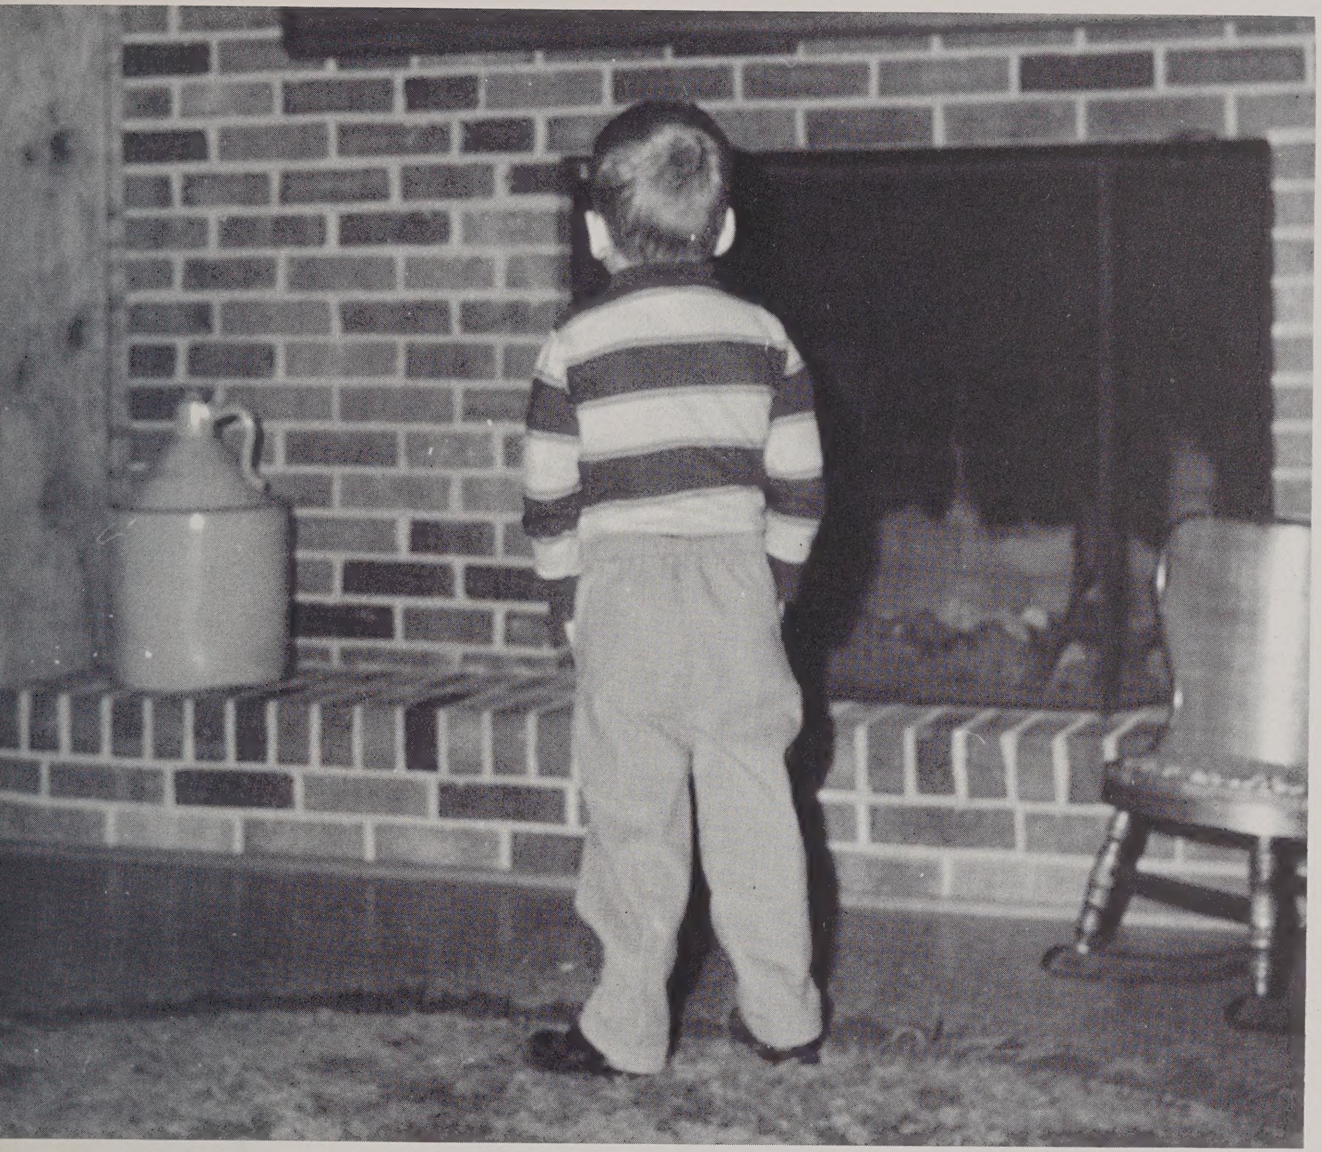
Not to be taken from the room.



With high hopes we too looked for the time when we could proudly wear the tassel and board. Now that our goal has been attained we gaze into the future searching for what is to come.

The Road Not Taken

By Robert Frost

Two roads diverged in a yellow wood,
And sorry I could not travel both
And be one traveler, long I stood
And looked down one as far as I could
To where it bent in the undergrowth;

Then took the other as just as fair,
And having perhaps the better claim,
Because it was grassy and wanted wear;
Though as for that the passing there
Had worn them really about the same,

And both that morning equally lay
In leaves no step had trodden black.
Oh, I kept the first for another day!
Yet knowing how way leads on to way
I doubted if I should ever come back.

I shall be telling this with a sigh
Somewhere ages and ages hence:
Two roads diverged in a wood, and I—
I took the one less traveled by,
And that has made all the difference.

A Tribute To

Mr. Rex A. Stevens

. . . who, in his many years at Spring Hope High School has never slackened in his enthusiasm and support for the student body. A true interest in his work, his students and a love of nature are a few of his many outstanding characteristics. To you, Mr. Stevens, we dedicate the MEMOIRS of 1968.

Our Parents

to whom we owe all. They have shown us, in these our formative years, the way to true happiness. Humility, love of our fellow man, and the desire to do our best, are the ingredients of the formula given to us by our parents as they strive to invest in us, the citizens of tomorrow, the character necessary to make the world, which will be our own, a better place to live.

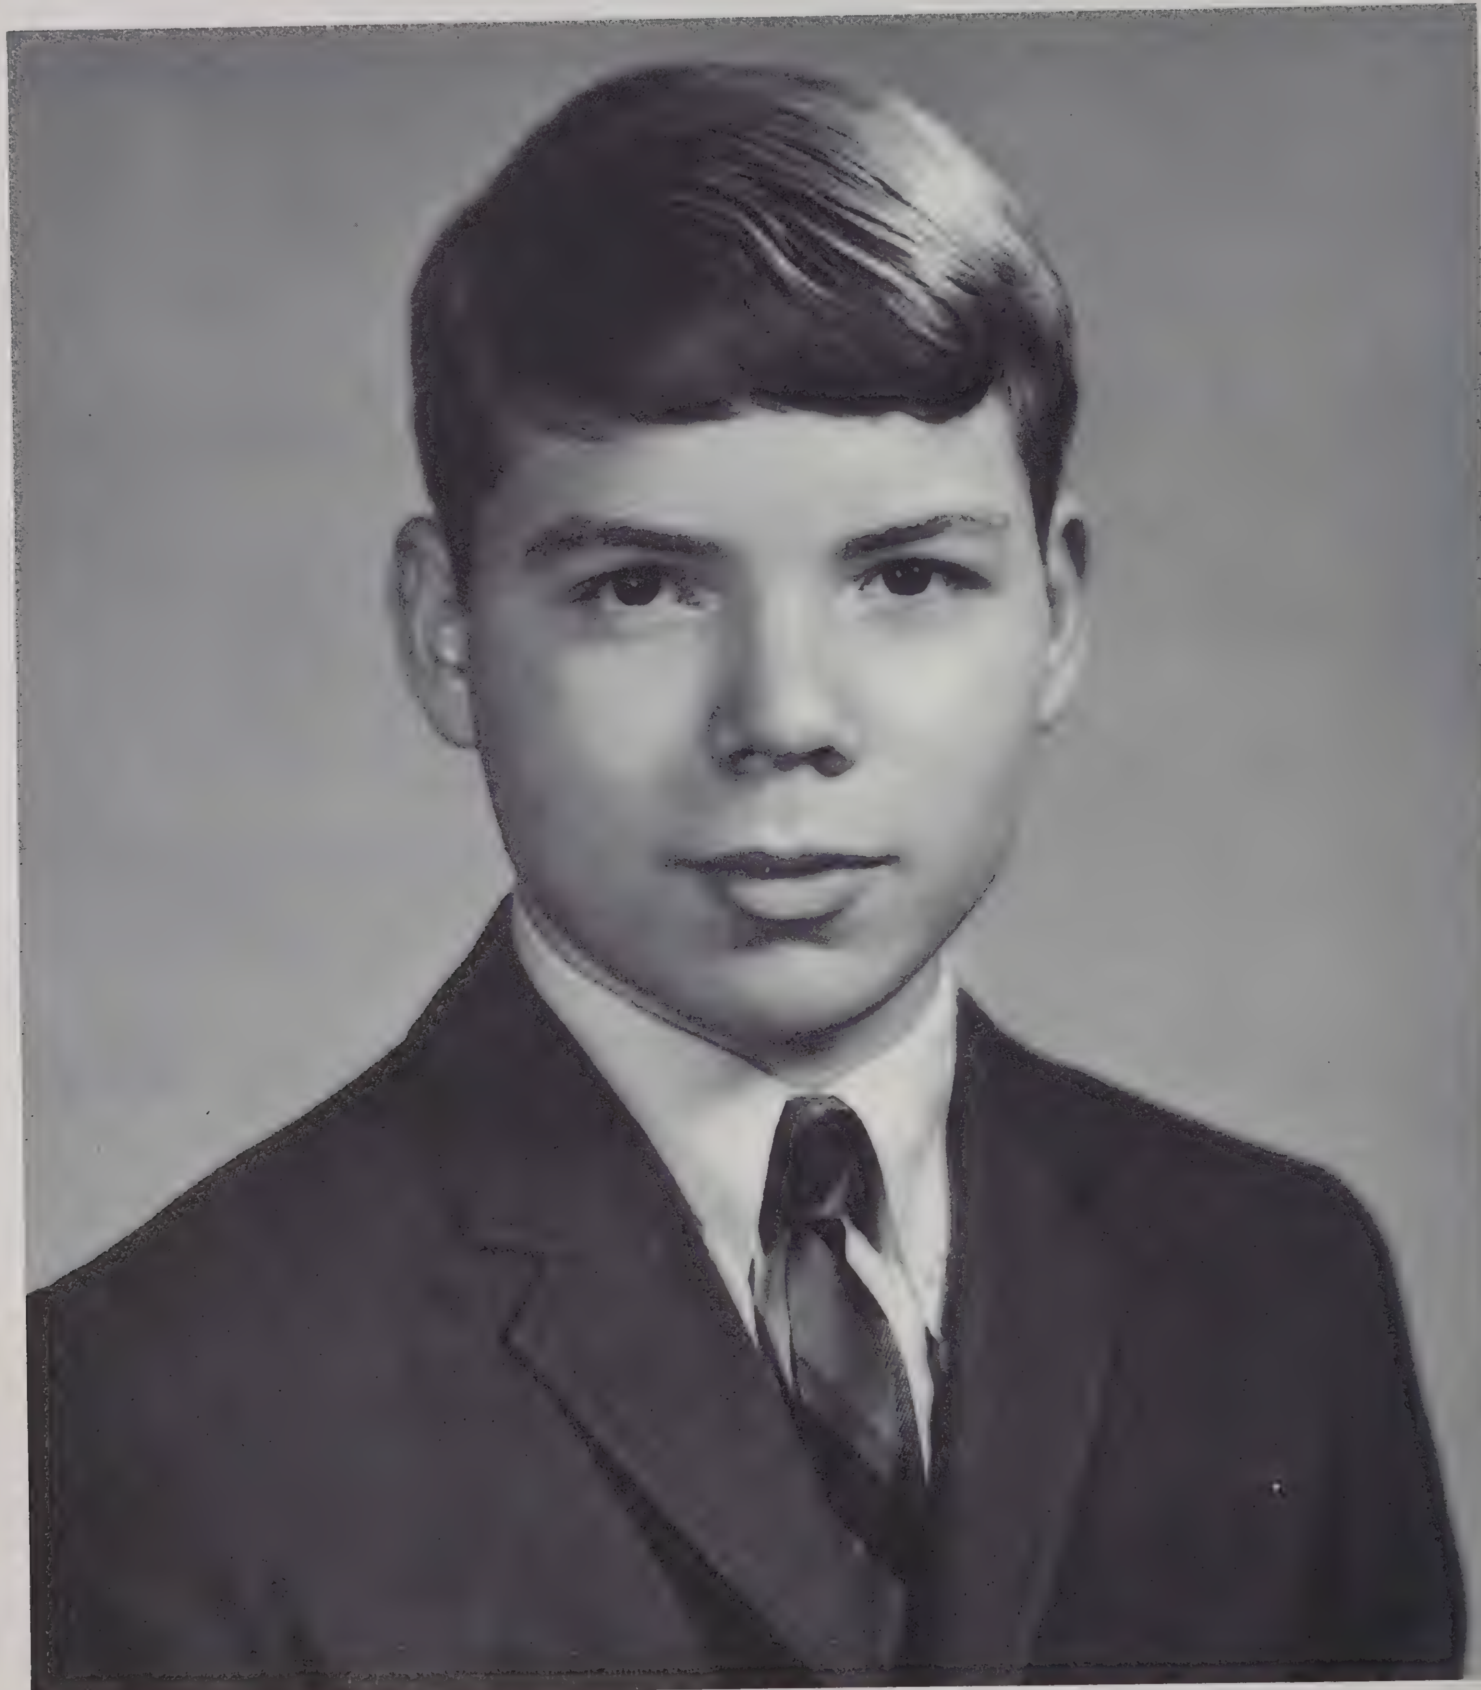
In Memory Of



NELSON WHELESS

from THANOTOPSIS
by William Cullen Bryant

So live that when thy summons comes to join
The innumerable caravan, that moves
To the pale realms of shade, where each shall take
His chamber in the silent halls of death,
Thou go not, like the quarry-slave at night
Scourged to his dungeon; but, sustained and soothed
By an unfaltering trust, approach thy grave,
Like one who wraps the drapery of his couch
About him, and lies down to pleasant dreams.

48. To JOHN WINDLEY, our best all around,
    We give this flashlight so he can easily be found.

49. To JEAN WINSTEAD, who to Charles is faithful and true,
    We give this picture so she won't be blue.

50. To BOBBY WOOD, who doesn't like Algebra, they say,
    We give this slide rule to help him along his way.

51. To FRED WOOD, who's always a clown,
    We give this funny face so he'll never have to frown.

52. To BRENDA TANT, who always does her share,
    We give this pen to show we care.

Prophecy

As class prophet, I can tell the future and the past.
I well remember the good days that went by all too fast.
I can see what my classmates will be doing as time goes by,
Since they are graduating in '68 from Spring Hope High.

Looking into the future, I see SANDRA BALLANCE. She has taken her drawing talents and moved to Granite Village where she is living a way-out life.

GAIL BANKS is working as an elevator operator in the Empire State Building. Gail's job has a lot of ups and downs.

JUDY BARNES is an English Professor at Harvard University.

LINDA BATCHELOR is Phyllis Dillar's private beautician.

SANDRA BATCHELOR is one of the few women brain surgeons in the country. She has done extensive experiments in this field, among them a successful transfer of brains between a dog and man. I guess it took a lot of brains to do this.

JIMMY BASS, a judge, is very unpopular in the criminal world. Maybe because he has a reputation of giving the death penalty.

TOMMY BASS, nicknamed "Flash" for his quick thinking abilities, is now giving shooting and stalking lessons. Flash has always been an expert hunter.

WES BASS, a mathematical genius, is chief engineer for Uncle Sam's space program.

TERRY BRYANT and JERRY DUNCAN have gone into the business of raising bull frogs and selling them to biology schools. Mr. Duncan, as, he prefers, said the business was really jumping.

PEYTON COLLIE had a tough time breaking into NBA, but now is leading scorer and top candidate for rookie of the year.

MARTHA COLSTON has used her easiness and patience with children. She has a chain of "Mother Goose Nurserys" from coast to coast.

IRENE CREEKMORE has moved to Texas and is one of the few women ranchers there.

BETTY DALTON has worked with IBM computors until her mind is as fast and accurate.

EDNA DAVIS and CONNIE JEFFERYS are both working at Dorthea Dix Mental Hospital. Both are crazy about their work.

Everybody is really proud of the way BILL DELBRIDGE has climed the political ladder. The rumor around Washington is that BILL will be seeking the Presidency in the next major election.

IKE DOLLAR, who plays football for the Washington Redskins, became very well-known when he intercepted a pass and ran forty yards for a touchdown in the wrong direction.

EDWARD EARP, a food scientist, has invented a waffle that contains its own syrup. The word is out that its selling like hot cakes.

Chief Detective BILL EDWARDS, working under cover, has apprehended the notorious James gang.

PAMELA EDWARDS has completed her college education and is teaching third grade. As I see her in the crystal ball, she is buried in ungraded homework papers.

The world was shocked recently when BILLY GREEN bought a Ford.

DEBORAH GREENE recently threw a big party in her new forty room home.

The glamorous HELEN HAYES has married the President of the United States and is leading fashion model of the world.

State Patrolman ERIC JEFFREYS has his own TV program on safety. He especially stresses safety among teenage drivers.

SARA JOYNER amazed the scientific world when she broke down the atom. She did this with help of a super high-powered microscope which she designed and built.

JAMIE MATTHEWS, somewhat a whiz in math, has disproved the Pythagorean Theorem. Mathematicians are committing suicide everywhere.

SARAH MATTHEWS is working as a translator in the U. N. Building. She was recently quoted as saying her job was a bunch of Greek.

TIM NEWCOMB, once a mere grease monkey, has worked to the top of the scale and is now chief mechanic for General Motors.

JEANNETTE PRIDGEN has been assigned to redecorate a space capsule adding the woman's touch.

Astronaut MICHAEL RAY, whose head was always full of space, has been chosen for outer planetary exploration.

KEITH RICE and FRED WOOD have put their wit to use in show business. The comedians appear often on the Ed Sullivan Show.

DORIS RACKLEY has combined good looks and talent to become one of Hollywood's greatest actresses.

KENT SANDERS, better known as "Soul Brother" in his profession, is working as a disc jockey for WABC radio.

ONNIE SMITH, who has been called a twentieth century George Washington Carver, has crossed a soybean and a dollar bill and gotten a money tree.

JAY STANCIL was recently crowned after winning the European Chess Tournaments.

BETH SYKES and STEVE MANNING have been married many happy years. Beth has just won Better Homes and Gardens housewife of the year award. Steve has his hands full looking after his million dollar farming enterprise.

GAIL TANT is a leading opera singer. She is now performing with the Grass Roots Opera Company.

LINDA and BRENDA TANT have opened a beauty salon in Hollywood. All the big shots get their hair done here.

JOYCE TAYLOR is a private secretary for a very successful law firm in New York.

JO ANN WALLACE is an airline stewardess. Her career got her off to a flying start.

JIMMY WEBB is well known in the sports world. He has won three gold medals in the last olympics and is now sports commentator for ABC Wide World of Sports.

TOMMY WESTER was arrested after accidentally burning his draft card. Things were finally straightened out after Tommy agreed to join the Marines for six years.

RANDALL WHELESS, a graduate from Wayne Tech, owns several pulp mills down south.

BETTY SUE WHITLEY has used her gift of gab in the lawyer profession. She was the first district attorney to defeat Perry Mason.

JOHN WINDLEY, a graduate from N. C. State Textile School, has developed a fabric that cleans itself.

JEAN WINSTEAD is a ballet instructor for the American Ballet Company in New York. Jean's job keeps her on her toes.

BOBBY WOOD owns a fleet of diesel tractors and has perfected a high-powered diesel engine.

NICKIE DENTON has won Trailway Bus Line's Best Driver of the year award.

Now that I have prophesied what my classmates will be doing in a few years, I can only wish for them continued success and happiness.

. . . and now, tomorrow.

What will the future yield to us? To those who tarry tomorrow brings sorrow, despair and wistful memories of the days that should have been, but can never be. To those who labor tomorrow holds countless joys and remembrances of the days that have been, the joy of learning the days that are, the satisfaction in knowing and the days that will be, the dreams of discovery.

And so we strive for the good tomorrow, the tomorrow that in our hearts and minds will never turn into yesterday.
